Dear Liz

Just a line in answer to your letter I received to day and was glad to get it. I forget whether I told Mother I was in the hospital here or not but I am out now. I went into town last night and got some medicine off a ~~Dentist~~ & chemist for my throat it was very sore I have taken 3 doses and it is alright now he gave me some pygules for my liver as well as he said that was the cause of me not seeing & hear when I was marching. The Doctor had a inspection of the throats the day before yesterday & turned over 400 out cerebrosprinal Meningitis is caused through sore throats there has been a few died here with it lately I told the Doctor my throat was sore & he asked me if my mouth was sore and I said no so he passed me on I sent in my resignation to day for the N & C I have been 3 weeks away from drill so I thought it was the best thing to do the Lieutenant did not want me to. they had some heavy rain down here when I was in the hospital but I do not know how much I have not been out to Hardaces for a good while. Myles Brown has not come back from Enoggera Hospital yet Martin Armstrong is out there to with the Measles I heard he is pretty bad they keep them a good while out there not like here

they turn you out here before you are ready to go I am pretty weak in the legs yet but the drill will soon make them strong there is going to be a bucking show here Monday night I do not know if I will go yet as I have not to much money I have £3 here & six at hardacres but I want to save all I can I bought a suit case last night for a £1 I would not have got it only the Port was not big enough as some of the chaps are pretty good at getting away with things I have got 2 pair under pants 2 flannel shirts bardigan jacket 3 pr socks 3 towels 1 cake soap & I have my Dungaree suit to get so you have an Idea what I have Our company was inoculated once but I have not been done yet well Liz I cannot think of any thing yet more so I will draw to a close with love to all at home & especially yourself

I Remain
ever your Loving
Brother
Charlie

I am going to try and get home leave for
Christmas
